Merrillville In 46410  
Account Number: 271990952

Final Credit to: Members Name:  
Members account number:  
Members Address:

1. We no longer can perform **Foreign outgoing** Wire transfers. New compliance regulations were past that governing the performance of this service.
2. We considered that fact that we only perform two to three foreign outgoing wires a year. We have decided that operationally new regulations are more burdensome to our procedures so at this time we have chosen to discontinue the service.
3. We can still receive foreign outgoing wires, and we still do domestic wires. So please look at members wire instructions to see the final bank of credit. We used to have several members that would say they were foreign wires but they only went to a bank in California or New York which is still considered Domestic wire even though member called them foreign wires.
4. Remember it is our job to look at the information provided by member and interpret information to know if it is something that we can or can't do.
5. If you are not sure what constitutes a foreign wire please ask Lora or Sandy we will be glad to look at member instructions and help you determine if it would be considered a foreign wire.
